Thanks Jason and Elizabeth for the suggestion and draft note. Here's what I sent to Jared. I'll let you know if I hear back from him. I will try to reinforce with him in person this week.

Jared, prior to our next CEQ call on 10/17, I wanted to suggest you reach out to Col. Colloton, now that HudBay's revised mitigation plan is in and she's presumably had the meet and greet with HudBay that was planned for 10/10. Here's proposed text for an email or call. Jane

Dear Colonel Colloton:

Ex. 5 - Deliberative Process

Many thanks again,

Jared
